The sum of \$40,000 yesterday was decided upon by the Circuit Court as the proper amount to be paid by the Territory to the Palolo Land Improvement Company for the latter's interest in the Palolo Hill lands and water rights, where a reservoir is to be installed to furnish an additional water supply to Honolulu. All that remains now to be done is the payment of the money to the company and the construction of the reservoir. This will be built on the 900 foot level, and will supply water to all the residents in the districts nearby.

A jury in Federal Court yesterday afternoon acquitted Henry Mitchell of the charge of smuggling gin into the Territory from the ship Alexander Isenberg on August 8, 1911, after the prisoner had been tried twice on that same charge and had undergone trials continuing over several months. The first hearing resulted in a disagreement of the jury. Yesterday's jury decided the case in about five minutes' time. The recent hearing included the facts concerning the disappearance of the gin from the ship, the failure to find it at the Mitchell home, as had been charged; character witnesses for the accused and evidence intended to show the unreliability of the testimony of Carl Smith, who stated he had carried the gin from the ship to Mitchell's house.

ODORS OF DISEASES.

That many diseases have odors characteristic of them, and by which alone they can be distinguished from each other, is the claim of an Indianapolis physician, says the News of that city. He argues that the subject should be of great practical interest to physicians in their work for this reason, and urges the full development of the sense of smell, saying that it can be cultivated to a wonderful degree, as we know from examples furnished by the blind and by aborigines.

The striking miners at Bingham, Utah, have remained quiet, but talk of future trouble if the company persists in resuming operations in the mines.

OHIA PAVING BLOCKS
WILL BE SEASONED

Eleven thousand ohia blocks arrived in the steamer Claudine this morning for the Rapid Transit company's paving purposes. Paving of the King street spaces required of the company will not be done immediately, however, as Manager Ballentyne intends to have the blocks thoroughly seasoned before laying them. He is going to experiment with two modes of seasoning, one by air and the other by water. The results of the tests will determine the permanent method to be followed by the company. A large order for ohia blocks has been placed by the Rapid Transit company with the Hawaiian Development Company, of which the consignment received today is the first installment.

Demand the FULL Earning
Power of Your Investments

You have a positive right to insist upon receiving the full earning power of every dollar you invest.

Safety is ALL important—no other consideration can affect the influence of this vital factor. But the income yield is the real reason for making the investment.

The maximum earning power, consistent with safety, of invested money is absolutely fixed by laws of finance which govern every commercial relation. The individual who attempts to secure more must do so at the expense of safety itself, while the investor who is content with less is depriving himself of what is rightfully his own.

Safe 6% First Mortgage Bonds

We own and offer First Mortgage Bonds based on improved, centrally located, income-earning Chicago real estate of the highest class.

Securities of this type offer unquestioned safety, with an unusually attractive income yield. They are the one fundamental investment.

In accordance with the rigid and unvarying policy of this house, the value of the underlying security, conservatively appraised, must be at least double the total amount of the bond issue. The annual income from the property, in every case, is at least three times the greatest annual interest charge. Every issue is covered by a title guarantee policy from a title and trust company of Chicago, guaranteeing these bonds to be absolute first lien on the property.

These bonds may be obtained in denominations of \$100, \$500, \$1,000 and \$5,000—to mature serially in from two to fifteen years.

30 Years Without a Dollar Loss

For the past thirty years we have sold this class of securities exclusively, and it is a significant fact that during that entire time not one client has ever lost a single dollar, either of principal or interest, on any security purchased from us.

Quick convertibility into cash, is assured through our custom of repurchasing securities from our clients, when requested, at par and accrued interest, less a handling charge of one per cent.

Interesting literature of extreme value to every conservative investor, including a copy of the semi-monthly Investor's Magazine, will be mailed on request. A very choice list of carefully selected, specific issues has been prepared. Ask for Circular No. 101.

CHURCHES WILL HONOR
MEMORY OF GEN. BOOTH

A memorial service to General William Booth, of the Salvation Army, will be held next Sunday evening in the Bijou theatre by the five English-speaking Protestant churches of Honolulu. Lieut. Col. Blanche B. Cox, who has recently come here to take charge of the work of the Army in the Islands, will deliver the principal address of the evening.

The Christian world will always honor General Booth, and in calling this meeting the Inter-Church Federation announces that it is following the example of the churches in the leading cities on the mainland, in most of which services have been or are being held. Very few men who have lived for the benefit of their fellows have received during their lifetime so much recognition and honor as this general of the world's most aggressive religious organization.

The work of William Booth has penetrated to the farthest end of the earth, and, if labors are to be the measure of fame, then few, if any, can compare with this patriarchal crusader, who put forth almost superhuman efforts in his preaching, writing, organizing and traveling through the lands of every continent.

Colonel Cox, the speaker of the evening, is a woman of rare culture and magnetic personality and a speaker who deeply impresses her audience. She was one of the General's favorite officers and has traveled extensively with him, worked on his personal staff, and in recent years has been sent by him on a number

of important commissions, not only in America, but to other countries as well.

As none of the other church auditoriums were believed to be big enough to hold all those who wished to attend, it was decided to hold the meeting in the Bijou theatre. The general public is cordially invited to join with the churches in doing honor to the late general.

Police were called out to quell a riot of 1500 New York school boys who protested against a transfer of principals.
